ANNOUNCEMENTS

There are many reasons that youth become involved with substance abuse. One of the leading factors cited by youth is **Peer Pressure**. There are many different ways to say no to friends and peers when pressured to abuse alcohol, drugs, or tobacco. First, simply say "no" or "no thanks". Second, give a reason. For example, "I don't use drugs or alcohol". "I don't like the taste or the feelings when being under the influence." Next, offer an alternative. "No, I don't want to drink alcohol, but I will go somewhere else and hang out with you." Finally, stand up for yourself. If someone continues to pressure you, firmly state "I already said no!" If friends or peers do not respect your decision, leave the scene. Never get into a vehicle with someone who is under the influence. Don't let others drive while under the influence. Take away the keys and call an adult for a ride. Stay safe. Stay drug and alcohol free.

TUE-THURS A student service opportunity is available to help the OSS Youth Committee with their "**Kids' Night Out!**" event on **Saturday, November 8, from 5pm-9pm, at OSS**. If you are interested, please contact Sarah Wilson at sarahwilson2003@gmail.com by October 15.

Congratulations to the Girls' Swim Team on their win over New Berlin last night. Most improved was Kenaya and MVP for the day was Clarissa.

Nicotine in **Tobacco** is a highly addictive drug. It is also damaging to your health. Smoking is the No. 1 cause of lung cancer. Tobacco affects your body's development especially in teens because you are still growing and changing. There are 200 known poisons in cigarette smoke that can kill you. It is illegal for anyone under 18 to buy cigarettes, smokeless tobacco, or tobacco related products. Even though a lot of teens use tobacco, most don't. According to a recent study, less than 20 percent of all teens are regular smokers. *Youth who use e-cigarettes are at increased risk for cough and wheezing and an increase in asthma exacerbations.* E-cigarettes produce a number of dangerous chemicals. These chemicals can cause lung disease, as well as cardiovascular (heart) disease. Say no to vaping and smoking. Be tobacco free.

It's HERE - our annual United Way Jeans Day. Your small part makes a difference - making our community stronger - together! THANK YOU. The report of what we were able to contribute - together - will be announced on Monday.

ANNOUNCEMENTS

During the month of October, we are addressing the topic of bullying, school climate, and kindness in recognition of National Bullying Prevention Month. One way to reduce or eliminate bullying is to understand other people's personality types and behaviors. We often think that everyone living in the same geographical location has similar values and beliefs. We tend to think that their lives are very similar to our own. This is far from the truth. When we truly get to know another person, we have more patience and tolerance for our differences. Learning about other cultures helps to bring understanding and understanding brings more peaceful existence. Take time to get to know your fellow classmates. Learn about different personality styles. Co-existing peacefully is a life skill and brings satisfaction to your life and the lives of others. Together we can put a stop to bullying.

Next week, we will be celebrating Red Ribbon Week (Drug/Alcohol/Tobacco Prevention and Awareness). Monday is "Red Ribbon and Pledge Day" – wear a red ribbon with your uniform. Stay with the person at risk and seek help from a trusted adult. Stand up to bullying and **NEVER** join in the act of bullying others. Take the **Trevor Pledge** which states: I pledge to let my friends know they can talk to me. I will be respectful and supportive of everyone regardless of their preferences or differences. I will listen with an open mind and without judgement. I will take what people say seriously. I will check with my friends who may need to talk and help a friend in need by calling the hotline or telling a trusted adult if I think he or she is considering suicide. **Everyone matters. Respond positively to those in need.**

ANNOUNCEMENTS

Suicide doesn't discriminate based on race, gender, or age. Watch for warnings signs or social postings indicating that someone is having thoughts of self-harm. Remember, warning signs can be expressed in a variety of different ways. Ask yourself, is this person's actions out of character for him or her? Are they displaying signs of emotional distress or showing impulsive or risky behaviors? Have they made any concerning posts on social media? Individuals who are contemplating suicide don't often seek help due to the stigma associated with suicide. Let's raise awareness not stigma.

Build trust and get help.
